to
participate

November 5, 2025 (Wed)
5:00 p.m. to 6:30 p.m.

International Conference
Center Hiroshima
B2F "Dahlia 1"

1-5 Nakajima-cho, Naka-ku, Hiroshima

**Live Streaming & Simultaneous
Interpretation available**

The international situation surrounding nuclear weapons is extremely grave, marked by threats backed by nuclear arsenals, rapid nuclear force expansion, and heightened tensions among nuclear-armed states.

We are honored to welcome two distinguished scientists who have long been active globally in the field of nuclear disarmament, including through the Pugwash Conferences. They will discuss the dangers of relying on nuclear deterrence, the risks of nuclear proliferation, and how to transition to security arrangements that do not depend on nuclear deterrence..

Apply Here

-Application Deadline: Tuesday, November 4, 2025 17:00

Deadline Extended !
